ABOUT US

PT Farrald Teknindo is a national Inspection Company in Indonesia and registered in Direktorat Jenderal Minyak dan Gas Bumi (Ditjen MIGAS), and having licenses of Pengesahan Perusahaan Inspeksi and Surat Keterangan Usaha Penunjang (SKUP) MIGAS issued by Ditjen MIGAS.

PT Farrald Teknindo is also registered in Direktorat Jenderal Energi Baru, Terbarukan dan Konservasi Energi (Ditjen EBTKE) and having license of Registrasi Usaha Penunjang Panas Bumi issued by Ditjen EBTKE.

PT Farrald Teknindo was established in 2012 and provide services of Technical Inspection and Certification for Equipments & Installations in Onshore & Offshore Oil and Gas business activities or industries, Quality Assurance/Quality Control (QA/QC) and Engineering Assessment.

PT Farrald Teknindo is committed to providing quality services, and certified and implemented of ISO 9001:2015, ISO 14001:2015, ISO 45001:2018 and SNI ISO/IEC 17020:2012.

PT Farrald Teknindo supported by experienced, qualified and competent Inspectors and Engineers, with highly motivation and responsibility to execute all projects as client's specific requirements in terms of quality and schedule to achieve client's satisfaction. Safety is always been Our Priority!

Syaifullah, ST
Director

VISION & MISSION

Company Vision

Become a professional and reliable company in its field.

Mission Statement

Provide solutions to business partners through professional and reliable services in its field.

QHSE & Inspection Management System Policy

Give a guarantee that technical inspection services, certification and technical advice to our customers pass the requirements (QHSE & Inspection Management System) and always improve sustainability.

Inspection activities are carried out independent and impartially.

Implement Integrated Management System to ISO 9001, ISO 14001, ISO 45001 & ISO/IEC 17020 continuously.

Apply inspection standard, service, safety, security, and conformity to the norms, regulations, and laws applied in all aspects in management of resources and environment.

Effective, efficient and professional in work.

Education planned to increase employee competency.

Ensure customer satisfaction by obeying our customer's requirements and regulations.

ISO CERTIFICATES

ISO/IEC 17020

ISO 9001- ISO 14001- ISO 45001

OUR SERVICES

COI (Certificate of Inspection) | PLO (Persetujuan Layak Operasi) - Ditjen Migas | KHP (Keterangan Hasil Pengujian) - Ditmet | Valve Service & Maintenance | Tank Table Calibration | Metering System Calibration | Quality Assurance & Quality Control (QA/QC) | Engineering Assessment & Technical Consultant | Risk Based Inspection & Maintenance | Pipe Integrity Management System | Non Destructive Testing (NDT) | WPS/PQR & Welder Test | Manpower Supply for Technical | Other Services

Inspection & Certification :

1. Time Based Inspection (Oil & Gas Requirement) and Risk Based Inspection (RBI).
2. Certification of COI (Certificate of Inspection) for Oil & Gas Equipments that issued by Perusahaan Inspeksi (PI): Safety Valve, Pressure Vessel, Storage Tank, Rotating Equipment, Electrical Equipment, Custody Transfer Measurement System, Lifting Equipment, Pipeline Installation and Oil & Gas Installation/Plant.
3. Certification of PLO (Persetujuan Layak Operasi) for Oil & Gas Installation/Plant that issued by Ditjen MIGAS: Pipeline Installation and Oil & Gas Installation/Plant.
4. KHP (Keterangan Hasil Pengujian) arrangement from Ditmet: Tank Table, Prover, Automatic Temperature and Gravity (ATG), Metering System.

Engineering Assessment :

Tank Assessment | Pressure Vessel Assessment | Rotating Equipment Assessment | Electrical Equipment Assessment | Pipeline Assessment | Oil & Gas Installation/Plant Assessment

Other Services :

Non Destructive Testing (NDT) | Qualification of WPS/PQR | Qualification and Performance Test of Welder | Others Licenses's Oil & Gas Arrangements
